We Guarantee Elastic Carbon Paint

to be unexcelled for roofing purposes of every description. It makes a roof, be it metal, canvas, wood, felt or shingle, impervious to water; makes a splendid appearance on metal roofs, fills the seams and small holes making them perfectly water proof, preventing formation of rust. We guarantee to patch any leak or hole from the size of a pin-head to two feet square. This may appear as an exaggeration, but we are willing to demonstrate the truth of it by staking the goods.

Equally serviceable for the following purposes: Iron fences, gutters and copings, steel bridges, ship's bottoms, farming implements, sugar refineries, iron and steel structures.

PRISONER ESCAPES FROM OAHU JAIL

Francisco Lopez Whose Mania Seems to be Breaking Jail

Francisco Lopez, who holds the record for this Territory in making escapes from jail, yesterday turned his usual trick and took French leave from High Sheriff Henry's hotel. Lopez is from Hilo and is in the all on a charge of assault with a weapon and had made eight successful attempts to break jail. He escaped six times while in Hilo and has made two escapes while here. His mania seems to be making escape and he never tries to escape till a term of imprisonment is nearly through. He has spent nearly ten years in jail on the same charge as each time he escapes his term is lengthened out.

He escaped from the jail about five months ago and was captured by Deputy Sheriff Oscar Cox at Waiwala. Where he is now no one knows. His escape this time was from the roof of the county jail. He was doing some work as a trusty and knotted together ropes which he took from the hammocks and lowered himself over the wall to jumping distance of the ground, and was off.

Lopez's description is given as follows: Height about five feet four inches, 30 years of age, weight 120 pounds, good teeth, a long face with a long pointed chin. He has two scars on his face between the right cheekbone and the ear.

ritory, the crime of assault with a weapon obviously and imminently dangerous to life is punishable by a fine not exceeding \$1,000 or by imprisonment at hard labor for a period not exceeding two years. One convicted of falsely impersonating a police officer is subject to a fine of \$50.

JUDD BACKED UP

(Continued from Page 1.)

ance of promises made in had faith. The Commission might have abstained from taking action in this matter; but in this case it would not have complied with its duty to protect homes, but ignorant people, leaving the Philippine Islands, confiding in promises which might not be complied with afterwards because of their not being guaranteed in a suitable manner.

Thanks to the action taken by the Commission, any of the laborers who are leaving, or who may leave, for Hawaii, go with the security that they will be given free transportation to that territory and back to their own country; that upon their arrival at the plantation they are sure to find the employment promised; that their salaries will be paid to them; that they will be provided with suitable dwellings for themselves and families; likewise water and fuel for domestic use; that they will be furnished with medicines at the plantation office and will be assured medical treatment at their homes or at the hospital as the case may be, and lastly, that their minor children who receive gratuitous instruction in the public schools.

It is the sense of the Commission that if it had not succeeded in making the Hawaiian Sugar Planters' Association accept this agreement, the Philippine Chamber of Commerce would have petitioned the Philippine Government to guarantee to laborers voluntarily leaving the Philippine Islands the fulfillment of the promises made to them. The action of the Commission has anticipated that which doubtless the Filipinos most interested in the welfare of all their compatriots would have asked of it.

"For long it puzzled me," Sir Chas. Brooke writes in Country Life, "to know what Irish poachers did with the birds they shot in July. There is no cold storage in the north of Ireland, but they have discovered an excellent substitute. The birds are buried four or five feet deep in dry peat, and, I am told, come out perfectly fresh at the end of two or three weeks."

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

CERTIFICATE WAS ISSUED SATURDAY

Chillingworth Has The Document From The High Sheriff

CONTEST ONLY MADE BEFORE THE SENATE

THAT BODY WILL NOW BE THE ONLY JUDGE IN MATTER OF SEATING SUCCESSFUL CANDIDATE

By hurrying and not giving his opponent a chance to stop him by an injunction or otherwise, Charlie Chillingworth has won the first step and the most important one in his fight to be seated in the Senate. Even before the newspapers were issued on Saturday, stating the facts which might unseat him, Chillingworth was on his way to the office of High Sheriff Henry, where he asked for and received, his certificate of election.

This virtually means that he will be seated as there does not seem to be any legal way of preventing his taking his place in the Senate unless that body shall refuse to allow him admittance and this seems to be very doubtful.

The next place will be where the matter will come up will be before the Senate Committee on Credentials, which will report to the body itself. In case any attempt to contest the seat is made it will then be the duty of the Senate to investigate the matter and vote whether Chillingworth shall be seated or whether the voters who cast their ballots for him shall be disfranchised and Kalauokalani declared elected in his place.
